- 5) Notwithstanding the occurrence of loss it is understood that the Sum Insured will be maintained at all times during the currency of the policy and the Insured therefore undertakes to pay extra premium on the amount of any loss pro rata from the date of such loss to the expiry of the period of insurance, the premium being calculated at the rate applicable to the stocks destroyed and such extra premium shall not be taken into account in, and shall be distinct from, the final adjustment of premium.

If during the currency of the policy, the rate for the class of risk to which the insurance applies is revised, and an increase in the Sum Insured under a Declaration Policy is agreed to, the Company shall charge on such increased sum an additional provisional premium on a basis proportionate to the unexpired period of policy, at the rate at which the insurance was originally effected and upon expiry of each period of insurance the total provisional premium so paid shall be adjusted as provided for in Clause 1 above.
- 8) If the stocks hereby insured shall at the time of loss be collectively of greater value than the Sum Insured thereon, then the Insured shall be considered as being his own insurer for the difference and shall bear a rateable proportion of the loss accordingly. Every item, if more than one, on stock shall be separately subject to this condition.
- 9) It is warranted that every other policy on a declaration basis covering the stocks insured hereby shall be identical in wording with this policy.
